

Pathfinder II

Automatic Telephone Patch

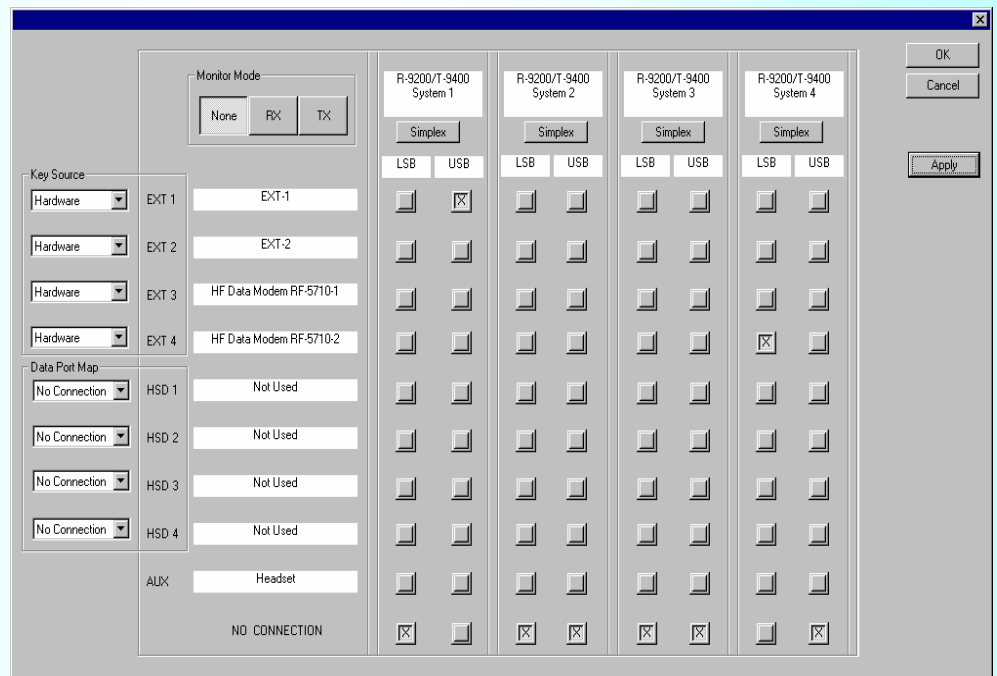

- ACU-1000 Telephone patch
- Direct interface to PABX telephone exchange. This interface allows an individual to place a telephone call via HF Radio with radio operator assistance.

Audio Matrix

Seamless integration of audio options is achieved through the MX-9360A Audio/Keyline Distribution Assembly. Management of these assets is through an Audio Matrix operation window.

- MX-9360A Audio Keyline Distribution Assembly
- Multiplexes up to four radio assets, HSD Modems, and ALE Modems
- Provides facility for local operator audio
